

Meeting Overview and Goals

Wade Marcum

Assistant Professor
Oregon State University
School of Nuclear Science and Engineering

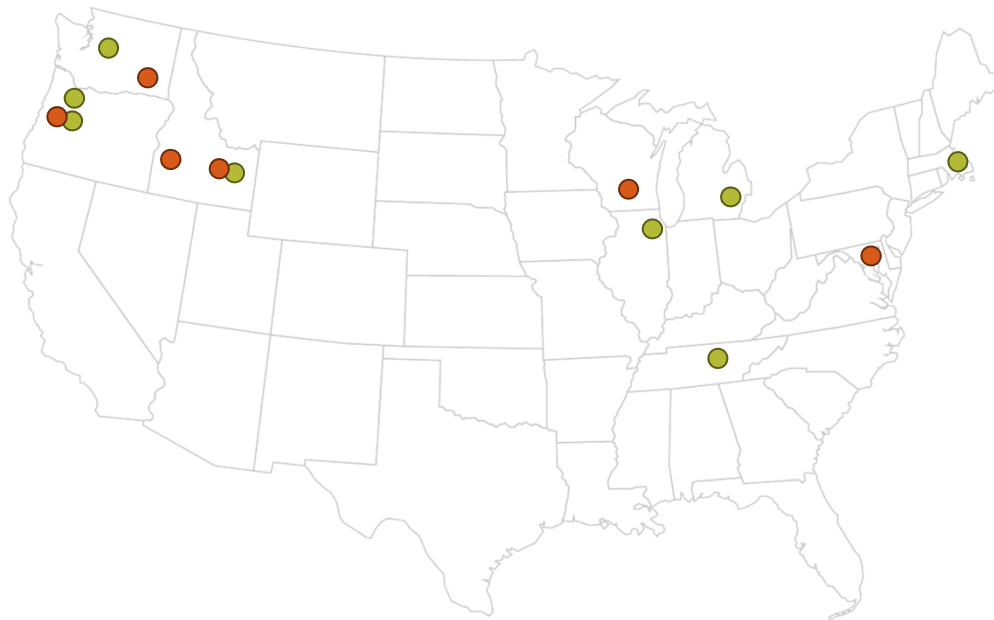

Collaborating Partners

- Introductions

Collaborating Partners

- Introductions

- Collaborators
- Advisory Board Member

Meeting Goals

- Vision and Direction
 - A clear vision of our short and long-term direction, specific to each of the primary three tasks.
- Discussion and Collaboration
 - An opportunity to discuss, with sufficient time, details of scope in-person between collaborators, advisory board, and stakeholders.
- Path Forward
 - Collective path forward for the project that
 - Supports the academic and scientific mission of the IRP team,
 - is clearly achievable by the IRP team, and
 - most effectively aligns with TREAT restart effort
